

Sri Aurobindo College

Department of Chemistry

Report on Educational Trip, November 16, 2024

The Department of Chemistry undertook an educational trip for SEC (Life Skill Edu.) Semester 3rd year students to **Gandhi Darshan** and **National Gandhi Museum**, Delhi on 16th November 2024. The trip was based on the theme “Human Values, Learning from Gandhi’s Life”. The visit aimed to familiarize students with Mahatma Gandhi’s life, principles, values and their relevance in modern times, aligning with the objectives of life skill education.

Key learning outcomes for students:

Principles of non-violence and truth, Self- reliance and sustainability, Empathy and community service, Leadership and decision making, Cultural heritage and patriotism etc.

This visit was a transformative experience that imparted invaluable life skills to the students. It provided a practical understanding of Gandhi’s teachings and their enduring relevance, encouraging the students to apply these principles in their personal and professional lives.
