STUDENT TESTIMONIALS

Serving as the Student Union President of Sri Aurobindo College has been one of the most rewarding experiences of my life. It gave me the opportunity to represent the student community, lead meaningful initiatives, and contribute to the vibrant academic and cultural environment of the college. The unwavering support of the faculty, administration, and students fostered a spirit of collaboration, leadership, and service.

What makes Sri Aurobindo College truly special is its commitment to academic excellence alongside holistic development. The values of inclusivity, integrity, and innovation have shaped me into a more confident leader and prepared me for challenges beyond the campus. For me, Sri Aurobindo College is not just an educational institution—it is a place where students discover their potential and build lifelong memories.

Mohit Yadav, B.Com
Student Union President (2025–26)

Sri Aurobindo College provides the perfect environment for both academic excellence and personal growth. Serving as the President of the Environment Society-Prithvi allowed me to develop vital leadership and communication skills that you simply can't learn from textbooks alone. The professors here genuinely invest in your future—their constant guidance and support were pivotal in helping me clear my path to Master's. I am incredibly proud to be an alumnus of this institution and I will forever carry its values with me.

Aadya Singh

Coming to Delhi from Assam to pursue B.A. (Hons.) Political Science at Sri Aurobindo College was both exciting and transformative. The supportive faculty and enriching academic environment, particularly in the Department of Political Science, along with the encouragement of the English and Commerce departments, made my learning journey truly rewarding. As I prepare for my Masters, I will carry with me the confidence, curiosity, and the gratitude that the college has given me.

STUDENT TESTIMONIALS

My four years at Sri Aurobindo College have given me much more than a degree.

Between lectures, deadlines, and the many societies I was a part of, I slowly grew into someone far more confident and certain of herself than the fresher who first walked through the gates of this college. As I leave, I carry with me memories, friendships and lessons that will stay with me for years to come.

This college has given me a sense of belonging that I had not expected to find. For that, and for everything in between, I will always remain grateful.

Abhigya Singh
B.A. Hons. English

When I came to Delhi back in 2023, I carried dreams and high expectations of getting quality education and an inclusive environment. Sri Aurobindo College exceeded all my expectations. The faculty members are par excellence; they inspired students to think critically and question deeply which truly transformed me.

Beyond books and academics, the vibrant societies enriched my college journey in countless ways. Being a member of Sage society for 3 years was one of the most rewarding aspects of my journey.

This prestigious institution will forever hold a special place in my heart and a big thanks to all the exceptional faculty members for giving me such an inclusive environment to grow.

Malika Thakur
B.A. Hons. Political Science

When I first stepped into college, I had no idea how much this place would change me. I came here with a lot of questions and uncertainty, and I'm leaving with memories, confidence, and friendships that I'll carry for the rest of my life.

The B.A. Programme gave me the freedom to explore different subjects and discover what genuinely interested me. More than academics, it was the people who made this journey unforgettable—the professors who patiently guided us, the friends who turned ordinary days into the best memories, and all those small moments in the canteen, classrooms, and college events that never seemed important at the time but now mean everything. As I move on to the next chapter, I'll always be grateful for everything this college has given me.
