(Graphics Designing Head)

---

## Events Organized

---

### 1. Talk on Embedded Systems:-

Department of Electronics and Electronics Society "Electronique", organised a talk on "Embedded Systems" on 30 January 2023. Speaker for the event was Prof. Dhananjay Gadre from NSUT, Netaji Subhas University of Technology. His course on 'Embedded System Design' is available on the NPTEL platform of the Government of India's Swayam portal. Prof. Gadre is an expert in embedded systems and has authored six books and several professional articles. He has also started the 'Texas Instruments Centre' for Embedded Product Design (TI-CEPD) and the CEDT open-access laboratory.

The talk was very beneficial for the students of our department. Prof. Gadre explained the basics of the topic with examples. He showcased many projects depicting the practical applications of embedded systems. The projects included battery less remote, electric candles etc. Truly he is a good teacher who made us aware of an important field which will benefit us in our future.

The event was graced by the presence of our Principal Prof. Vipin Kumar Aggarwal. He encouraged us by addressing the gathering. All the faculty members were also present in the event along with the students of the department. In all the event was a great success and a great learning experience for our team.

Team -

Shubkarman Bhullar, Ayush Saharan, Manmeet Singh, Adhyan Saxena

## 2. Freshers Day:-

Freshers Day was organised on 30th January 2023 to welcome the upcoming batch of B. Sc. (H) Electronics.

The event began with the Saraswati Vandana. After seeking Maa Saraswati's blessings a brief introduction of the college and department was given to the freshers. A talent show was organized to select Mr. Fresher and Miss. Fresher. The freshers had to introduce themselves and also show their talents. All the freshers had come well dressed to participate in the event. They surprised us with their extraordinary talents including poetry, singing etc. The best talents were selected and crowned. We had many categories of winners including best dressed and extraordinary talents.

The team Electronique organized various games during the event and the winners were given cash prizes for the same. In all, the students enjoyed the event and it was a great platform to interact with the freshers.

Team – Shubkarman Bhullar, Priyanshu, Nitin Adhikari, Ayush Saharan, Manmeet Singh, Kashish, Adhyan Saxena, Arpita, Shruti, Ankit.
