LANGUAGE AND TRAINING COURSES FOR STUDENTS Under the aegis of the IQAC, the faculty members are working to take up initiatives to provide the students with practical hands on training. As an example : a. Botany Department highlighted keenness in the introduction of training programme on Mushroom Farming . The same is expected to take place in the coming winter session. b. Dr Tasneem Shahnaaz of the Department of English has already been providing training to the students of B.A. (Programme) after her classes, so as to improve their language skills. She also connected these students with the American Embassy for their 21st Century Academic Readiness Boot Camp during the months of May and June 2019, as a part of the aforementioned initiative. The students were also entitled access to the American Library during the course of their training at the Embassy. c. Language departments at the University level have been contacted so that the Korean and Japanese language courses could be taught in the college premises, on account of International Language training Skills. d. Various departments, as per the guidance of their respective Departments at the university level offer different Skill Enhancement Courses, that encompasses hands down training on the instruments for Science students and projects and presentations on actual data for students from Commerce and Humanities background.

DEVELOPMENT AND EXPANSION OF LIBRARY RESOURCES The Library and the related resources and e-resources have shown significant expansion and improvements over the past two years. To list a few, following developments have taken place : Library system is fully automated with use of NETLIB Integrated Library Management System, version 3.0, since the beginning of millennium in year 2000. Currently there are 60, 000 text books with accessioning of 1502 text books to the library arena in year 2018-19 worth Rs7.5 Lakhs There are 10, 000 Reference books with addition of 150 Reference books of value of Rs5000, on various subjects including special collection on the theme of J& K state conditions during the year 2018-19. Approx. 100 E-books too have been disseminated to users via email or through USB for their reading and sharing of resources in current year 2018-19. Ten prominent research journals pertaining to course and subjects offered by the college for study are subscribed on Annual renewal basis for users at the UG level to match their study requisites. E-journals (online version of subscribed by SAC library ) and others subscribed by DULS(more than 1000 via (Delhi University Library System) and the free public domain e-resources are provided for access through College Library E-section terminal and via campus LAN. Digital database in the form of open access resources matching to needs of undergraduate students and faculty are hyperlinked to the site for accessing and surfing through. Approximately 250 CDs and DVDs are in collection with ongoing reservoir furnishing Audio's too. Approximately 1302 titles are under consideration for the weeding in the hard bound form along with consideration for retention in the soft copy format for future use of hard to find literature. Amongst others special sites and membership subscriptions of the braille library along with access to latest technology based braille software like NVDAand JAWS 2019 too have been pooled in for visually impact users. The procedure to borrowing and use of books and use of E-resources are made familiar to users through the orientation programme held in August and on special occasions like National Library week in November 14-21. The purchase recommendation is collected from students through interaction in library reading room and via Web2.0 OPAC accessible through campus link 10.145.1.191:8080//webopac/ which facilitates

searching, browsing titles, reservation of books and user's accounts details along with display of New Arrivals. In certain cases, users are provided with e-copies of the books in order to save their time to their doorsteps. During the year 2018-19, the Reading room facility has been extended to students upto 4:45pm with half hour allocation in every sitting with records of entry and purpose. User statistics too have been maintained to assess for the daily circulation hours' increase. Extra chairs and magazines have been added to acquire pool of periodicals with inclusion for Science magazines like Science Refresher, Science Reporter, and Electronics for you, Chronicle. Current Affairs magazines too are acquired both on demand and requests. Web-based versions of ongoing advancements in ILMS and OPAC are requisitioned. Library bay guides, book support systems have been installed for ease of users within stacks. New split ACs have been installed for better air conditioning of Reading room with enhanced capacity and better natural lighting system through windows. Daisy players for VI users too are distributed on annual basis. Laptops from E-library wings are issued to users with upgraded system facility as handson training during workshops within college or else for use at home. Powerpoint presentation on 'how to access E-resources' and searching techniques along with information about plagiarism and Citation rules were made familiar to students via one day lecture on 14th November 2018.

**DEVELOPMENTAL AND TRAINING EVENTS FOR STUDENTS, FACULTY AND NON-TEACHING MEMBERS**  
There has been a visible growth in the quality, quantity and the variety of the events held across the campus of the college over the entire academic session. The events include active involvement of the students and the staff members, along with visiting faculties and resource personnel from outside the premises of the college, to impart knowledge and training to one and all present in the event. The faculty members are also encouraged to participate in regular research events, faculty development programs and other related events to expand and enhance their knowledge skill sets. The non-teaching staff is encouraged to participate in development trainings and programs to stay updated with new techniques and improve their skill set and efficiency.

**ATTENDANCE COMMITTEE :** An attendance committee has been created so as to look into the matter of shortage of attendance of the students. In the last academic session, affidavits were issued to the students who did not complete the mandatory requirement of a 67 attendance to appear in the examination. Also, notices were issued to the parents / Gaurdians of the students who were falling short of the attendance, asking them to report to the attendance committee, along with the student. These students were issued admit cards once they completed all the aforementioned requirements.

**AMALGAMATION OF VARIOUS SOCIETIES AND DEPARTMENTS OF THE COLLEGE :** It was under the aegis of the IQAC and regular meetings conducted by them, that the faculty members, student coordinators, non-teaching staff, the Infrastructure Committee and the Examination Committees were brought together. The direct and a very strong implication of the same has been that there is a visible and increased levels of smoothness with which classes and examinations are conducted. It is only due to these regular meetings, the connectivity and the momentum of decision making has picked up to show immediate positive results for the welfare of the Institution.

### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution ensures effective curriculum delivery through a well planned and documented process. The University of Delhi provides us a curriculum, academic calendar and list of holidays. Each paper/topic/practical is assigned a fixed number of hours to be followed. However the college prepares the time table well in advance of the beginning of each semester. The College has a central time table committee which prepares time table for the entire college. Then the departmental teachers-in-charge distribute the time table to the faculty making necessary changes. A proper lesson plan is prepared and lectures are delivered accordingly. Tutorials are held regularly. The students progress is reviewed time to time and the assignments and class tests are held periodically throughout the semester by the concerned faculty. The college principal takes surprise checks to ensure that the classes are held regularly. Some of the departments have inter college department meetings to ensure uniformity in teaching across various Delhi University colleges.

### 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>The College encourages feedback from all constituent units of the College viz. the students, faculty members, nonteaching staff, parents, alumni, employers and other stakeholders. The College employs a systematic feedback mechanism to harness its effectiveness. The feedback is taken at various levels viz, the Institutional Level, the IQAC level, the Departmental level and the individual unit level. The mode of feedback is both manual (offline) and online. In the online mode, feedback is taken through the institutional website and mails sent periodically to the stakeholders from time to time. The College has an email address dedicated to general queries and other feedback. During admissions, the College also provides additional contact details as support services and for other feedback. The IQAC solicits quality based feedback and suggestions from faculty, nonteaching staff, students, parents of the students, alumni and employers through online feedback forms. This feedback is analysed to develop the roadmap for the academic year ahead and align the interests of various stakeholders with the institutional interests. Further, departmental level feedback is taken from faculty and students to enhance the teachinglearning process. In the manual method, various feedback boxes have been installed at strategic places such as IQAC office, Administrative office, GBO block, and Placement Cell. These feedback boxes are opened periodically and the feedback so received is duly recorded. The analysis of such feedback is done on an institutional level and in case of any grievance, the appropriate department initiates an enquiry and proposes suitable action to be taken by the Principal.</p>

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college strictly follows the University academic calendar. Before the end of semester, every year, the staff council of the college under Ordinance XVIII, constitutes and assigns responsibilities to the teaching staff members under the various academic and extracurricular activity committees. Each committee plans its activities for the year. Before the commencement of each semester, a meeting of the Principal, time table committee convener and department teachers' incharge is held to examine the requirements of various departments regarding course allocation and teaching schedule. The evaluation schedule as notified by the university is followed well in time for each semester. The college strictly follows all the components of internal assessment: assignments, class tests, projects, presentations, group discussions, project work and attendance. Written assignments and oral presentations are taken which improve theoretical and written skills of the students. Students are encouraged to discuss and debate the various aspects of a topic in detail during the lectures and tutorials. The college has setup the IQAC Office in 2015 with a senior teacher as the Coordinator to plan and consolidate efforts towards achieving further academic excellence.

The event was graced by the presence of Prof. Vinay Gupta, Dean of Examinations, University of Delhi and Dr.Pramod Kumar, Registrar, JNU. Over 500 degrees were conferred to students of batch of 2016, 2015 and 2014. The Convocation began with the lighting of the lamp. Dr.Vipin Kumar Aggarwal, Principal, Sri Aurobindo college welcomed the gathering. The students and the audience were then enthralled by the rousing speech of the Distinguished Speakers. The students, who were conferred with the

degrees, were joined by other alumni for an exciting reunion. The college was abuzz on the Sunday evening as the event witnessed participation from over 800 alumni from across batches and programs. The start of the cultural evening captured the essence of nostalgia and fond memories for the alumni. Various performances and fun filled games ensured a memorable evening for one and all present. This was followed by a dinner hosted by the college. A team of eminent professors and students organized the function. The presence of the students and also alumni of college made the function a fabulous success.

## CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The College is committed to a participative management with decentralization involving all stakeholders. Teaching and nonteaching staff are fully engaged, assume responsibility and take charge voluntarily. Every year the Staff Council convenes to constitute Committees for all significant activities and initiatives. Each Committee is led by a member of the Faculty and comprises of 45 members. The mandate of these Committees is to independently oversee the smooth functioning of the particular aspect for which they have been constituted. For instance the TimeTable Committee assimilates various departmental timetables to preempt conflicts and ensure optimal utilization of common resources. Preparation for this NAAC assessment is an illustration on how this participative approach has been deployed in a recent critical College activity. As soon the new NAAC requirements were made known the College established a Core Committee of 10 senior faculty and a NAAC support group of 30 junior faculty. The Convener divided the tasks and all members are fully participating and driving completion of their responsibilities independently. Given the extensive and time bound data requirements, members have extended themselves without compulsion. This has also ensured quality preparation benefiting from the integrated inputs of senior faculty with energy and enthusiasm of younger staff. The college cultural group has carved an identity for itself in the University cultural arena. Initially the college had one Faculty coordinator for managing cultural activities with support of a few members, which constituted the Cultural Committee. Over the last four years the structure of this committee has evolved and based on the concept of decentralizations and participative management a new model was adopted. The college cultural committee recognized and registered eight societies i.e MOKSH (Theatre), CRUNK(Western Dance), BANDWAGONS (Fashion), TALEEM (Indian Music), ALLEGRO (Western Music), SAGE (Literary), 3Ps (Painting, Poster Photography) and SALVATION (General Awareness). These societies, under the able guidance of individual dedicated faculty coordinators help students perform and participate in various inter and intra college events. The decentralization of control with one convener to eight independent coordinators has reflected in enhanced performance of students.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

### 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	The Curriculum domain is the mainstay of any educational institution. The college strictly adheres to the

curriculum prescribed by the University of Delhi. The university has the mandate to visualize appropriate curriculum for the particular programmes, revise/update them periodically. The college makes several efforts to enrich the diversity of the curriculum. The college strives to maintain the consistency of quality education by promoting innovations in teaching practices to make the process student friendly. Various dedicated committees are formed by the Staff Council of the college to ensure smooth delivery of the curriculum. A vibrant mix of curricular, cocurricular and extracurricular activities enables students to get a practical exposure of their chosen subjects. Field trips, educational tours heritage walks and industrial visits organized by various departments contribute to enhance the practical learning experience of the students.

Teaching and Learning

Students are encouraged to raise thought provoking questions and share diverse opinions on the existing topic of interest. Some of these approaches include film screenings, quiz contests, running video clips, arranging expert lectures etc. Corrective measures are taken wherever necessary and efforts are made to further improvise the process for future. We keep on developing and promoting innovative teaching learning methodologies. To achieve the same we organize faculty development programs (FDP) and also encourages our faculties to attend various FDPs. For students they are encouraged and introduced upcoming technologies driven methods of learning.

Examination and Evaluation

Transparency in examination and evaluation is maintained at every level. University guidelines regarding examination and evaluation are strictly adhered to. Further, College takes proactive steps to ensure that relevant and timely information are reached to students. Notifications prior to examination such as submission of examination form etc are timely displayed on College website as well as on notice boards. Information pertaining to collection of admit cards and other examination related

formalities are also communicated to students through electronic channels.

Research and Development

We believe research and innovation are cornerstone in any educational institute future existence. Hence we put an extra effort to encourage our faculties to excel in this field. The college encourages its faculty to undertake major and minor research projects, innovation projects sponsored by Delhi University, pursue doctoral and postdoctoral research. The various activities of research undertaken by faculty and students foster a culture of creativity and innovation in the college, helping the college achieve its stated vision and mission. Study leaves and duty leaves are provided by the college to its faculty pursuing advanced education or participating in National/International seminars, conferences and workshops etc. The students take active participation in organizing seminars and workshops in the college. The college also supports faculty in getting the required funds for research projects from outside agencies, national or international. Registration fees and the transportation expenses are reimbursed to the participating faculty members. Infrastructure is upgraded and resources are provided to meet the needs of the research enthusiasts. Academically bright students are encouraged to contribute in those projects under the guidance of the faculty. The well equipped laboratories, well stocked library and round the clock internet access adds in creating a research environment in the college. The University of Delhi has also sanctioned laptops to the students to foster the spirit of research even outside the college boundaries.

Library, ICT and Physical Infrastructure / Instrumentation

We also keep on updating our library resources via regular purchase of print and eresources and softwares. In recent years there have been greater emphasis on developing econtents and we plan to build our capacity in this regard. Further we understand the importance of technologies in todays world hence aspire to build on ICT facilities. Physical Infrastructure is a limitation for us because of being in urban densely populated area however we

	aspire to keep them well maintained and maximum utilization. For that we have "Building and Infrastructure" committee which looks after into it throughout year. Further all the laborites are constantly maintained via annual maintenance funds by purchasing new equipments and resources.
Human Resource Management	The college aspire to attract best of talents and keep them updated to serve the college and themselves well. This leads to organizing various interactions session with teaching and non teaching staffs and arranging relevant training programs.
Industry Interaction / Collaboration	Field visits and industry trips are organised from time to time to give the students a realworld feel of the discipline they are engaged in. Further, we plan to increase industry academia interface through various regular activities such as projects, internships, workshop and lecture series.
Admission of Students	Transparency in admission is maintained at every level. University guidelines regarding admission are strictly adhered to. Reservation quota is followed as per the guidelines of the Central Government. We at college focus on making the admission process smooth and convenient. In this spirit, admission related queries are also answered through various means like phone calls, emails and admission Helpdesks. Contact details of nodal officers are displayed on institutional website and on the campus. Further, candidates are given specific time slots for formalizing admission to avoid rush at the last minute and to ensure smooth admission process. Every year, a dedicated webpage is created to ensure greater convenience and information dissemination to the applicants.

#### 7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The institution is alive to the issue of environmental sensitivity and sustainability. Accordingly various initiative have been taken to make campus ecofriendly they are: Water management, Biowaste processing, Growing canopy cover of trees campus cleanliness Optimization of public resources is our guiding principle. Running various awareness programs instilling of humane and ecological values among pupils.

## 7.2 – Best Practices

### 7.2.1 – Describe at least two institutional best practices

**Title:** BIOGAS PLANT **Objectives:** The prime objective of this best practice is to gradually increase the usage of nonconventional energy resources in the college premises. To promote this, a team of college students created a biogas plant under the able supervision of faculty members. **Context:** The design of the framework for using BioCNG was facilitated through sustained research and application of various techniques like stratified random sampling methods, regression, factor analysis and cluster analysis. Some of the challenges faced during its implementation are: Promoting use of separate dustbins for disposing biodegradable and nonbiodegradable waste. Segregating canteen waste, garden waste, and other waste materials to get biodegradable waste that could be used as raw material for producing biogas. **The Practice:** The college installed biogas plant of one cubicmeter capacity and plant capacity of 0.2 cubicmeter was fabricated as the first step towards making college a zero emission zone. The slurry generated is used as organic manure in college lawns and garden. **Evidence of Success:** The biogas generated saves at least one LPG Cylinder in a month thereby reducing pollution levels. Initially it was difficult to convince the students about biogas plant viability. However, after initial success, there were larger participation from the students. **Problems Encountered and Resources Required:** Making practice sustainable and economically viable. Increasing productivity and usage of plant in the college premises in near future. Starting using Bio CNG fuel for canteen also along with its current use for staffroom kitchenette. This would require innovation and effective resource management. **II. HEALTH CHECKUP PROGRAMME AND BLOOD DONATION CAMP Objectives:** This practice aims to promote health and hygiene among students and staff members along with promoting community engagement and developing a sense of social responsibility in students through blood donation camps. **Context:** This practice allows the students to be aware of the importance of healthy lifestyle and motivate them to participate in community service through blood donation camps **The Practice:** The institution regularly organises such programmes on yearly basis with a two day free health checkup and blood donation camp organized recently in February 2017. More than 700 individuals, including students, teaching faculty and nonteaching staff participated. The students were provided with lab facilities and weight management tips from a practicing dietician whose services were engaged by the college. The weight management team advised the ways of diet management, the benefits of including yoga and regular exercise in daily routine. A dental checkup camp was also held in the college which screened and counselled students for maintaining optimum dental hygiene. College has a wellequipped medical room to take care of day to day medical related needs of students and staff. **Evidence of Success Problems Encountered and Resources Required:** Creating sterile environment for proper blood transfusion. Convincing students that blood donation does not lead to anemia **Handling reluctance of students and staff members for regular medical checkup.** Ensuring dedicated manpower and regular supply of financial resources to organize such camps frequently. Effective mechanism to ensure that blood reaches needy people on time.

## 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

SAC, named after Sri Aurobindo, was founded in the year of his birth century,

1972. In this perspective, the college aims to deliver quality education, grounded in sensitivity towards individual dignity, professional integrity, and a positive and nurturing environment via enhancing the commitment of faculty, administrative staff and the students to the centrality of diversity, social justice, and democratic citizenship. This has resulted in students outperforming themselves and depicting exemplary results at the university level. Additionally, the faculty has also been actively participating in various national and international seminars and conferences, faculty development programs along with conducting extensive research (refer faculty profile). In this direction, the college has also conducted several national level seminars and development programs. Furthermore, the administrative staff has also been motivated to participate in various training programs to increase their efficiency levels, which has been observed in their ability to perform daily tasks.

### **8.Future Plans of Actions for Next Academic Year**

**Curricular Aspects:** We plan to increase the number of courses offered by college. These courses include core, value added and skill enhancements courses. We also aspire to improve and create a model feedback mechanics to be able to serve our students in best possible manner. **Teaching Learning and Evaluation:** We keep on developing and promoting innovative teaching learning methodologies. To achieve the same we plan to organize more faculty development programs (FDP) and also encourages our faculties to attend various FDPs. For students they are encouraged and introduced upcoming technology driven methods of learning. Various regular activities such as field trip, projects, workshop guest lectures, interactions session with esteemed scientists, faculties and well established industry tycoons are arranged. **Research, Innovations and Extension:** We believe research and innovation are cornerstone in any educational institute future existence. Hence we put an extra effort to encourage our faculties to excel in this field. We plan to add some research facilities at college itself. We plan to increase industry academia interface through various regular activities such as projects, internships, workshop and lecture series. We also plan to increase the number of national and international conferences/Seminars/symposiums/workshops organization at college. **Enhance alumni engagement :** We strongly believe that alumni are one of the key stakeholders for any institute evolution and growth. Hence we have taken baby step in developing networking with our alumni in recent years. We are in process of getting our alumni association registered while creating database for the same. Our alumni achievements are source of pride for the college. We plan to build an everlasting bridge with them and get them involved more activity with college activities. We encourage them to interact with our faculties and students. To achieve these goals we plan to keep on organizing regular events such as alumni meet etc. **Develop a cleaner and greener campus:** The institute is committed to sustainable development model and hence take immense responsibilities in maintaining clean and green campus. We have taken various initiatives in this direction namely setting up solar panel, rain water harvesting system, mushroom farming and herbal garden etc. We further plan to increase our capacity in all of them and take more initiative for the same. We plan to set up a committee involving faculties and students which can decide polices and monitor its implementations. **Infrastructure and Learning Resources:** Physical Infrastructure is a limitation for us because of being in urban densely populated area however we aspire to keep them well maintained and to maximum utilization. For that we have "Building and Infrastructure" committee which looks after into it throughout the year. We also keep on updating our library resources via regular purchases of print, e resources and softwares. In recent years there have been greater emphasis on developing econtents and we plan to build our

capacity in this regard.
