About PMMMNTT

The Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching emphasizes the need to change the role and working of a teacher from mere disseminator of information and knowledge to the one who advances frontiers of existing knowledge by actively developing and creating new insights into diverse social and physical phenomena.

About Hansraj College

Hansraj College is one of the largest constituent colleges of University of Delhi and has been ranked as one of the top five colleges for Science, Arts and Commerce several times in the last decade. The faculty and students of the college have contributed immensely in the field of academics, sports and cultural activities. The college faculty is dedicated towards growth and development of the institution academically and administratively to constantly thrive for excellence. Hansarians have been placed in diverse professions and services worldwide and are bringing fame and laurels to the institution.

About Sri Aurobindo College

Sri Aurobindo College was established in 1972, as a constituent college of the University of Delhi after the name of the philosopher, patriot- poet, Sri Aurobindo. The college inculcates the ideals of Sri Aurobindo and believes that an active commitment towards excellence is fundamental to the process of education. The college is committed towards building a student-centered environment and is dedicated to education covering a broad spectrum. It has always been known for its focus on persistent learning and advancement. Today, our peer alumni teachers are graciously serving as principals in various colleges of University of Delhi (DU) and professors at several DU departments. The alumni students are well placed in fields of banking, finance, general management, academics and entrepreneurship and have been performing remarkably well in all the spheres of life.

The college has completed 50 glorious years. The college owes its glory to the sincere dedication of the staff, both teaching and non-teaching, tens of thousands of young persons who have passed out of our portals and the goodwill from all our well-wishers and the community at large.

About the FDP

Researchers engage in both quantitative and qualitative research to unveil new knowledge. Quantitative study generalizes phenomena through application of statistical tools and qualitative research is highly imperative in interpreting phenomena and happenings. The focus of this online FDP in research Methods is on upgrading the teaching and research skills of teachers in social sciences. The curriculum is a careful blend of sessions that cover a range of topics including Quantitative and Qualitative Research Methods, Statistical Methods and Modeling Techniques. The programme is intended for faculty and researchers of various universities and management institutes.

Objectives of the FDP

- To provide insights into various research designs.
- To provide in-depth knowledge of the qualitative paradigm of research.
- To learn software such as NVivo to do qualitative analysis.
- To train and inculcate skills of data analysis using SPSS.
- To understand the application of Structure Equation Modeling-AMOS in research.
- To train the participants in SPSS and AMOS for producing quantitative analysis, interpreting values, applying tests, and producing results in graphical modeling.
